About this document

This document is designed to provide you with information about the Balanced ISA. Please read it along side the two-page Key Investor Information Document (KIID).

Welcome to the Balanced ISA

The stocks and shares Balanced ISA is only available to those aged 18 years or over; resident in the UK, who previously held a Stocks and Shares Junior ISA with us, RBS Collective Investment Funds Limited (RBSCIFL).

The value of your investment and any income can go down as well as up, and you should be aware that you may not get back the value of your original investment.

How the Balanced ISA works

The Balanced ISA aims to grow your money in a tax-efficient way by investing in the Personal Portfolio Fund Investment Company with Variable Capital (the "Fund") which holds a range of assets including UK stocks and shares (including UK Government gilts) and cash.

When the assets increase in value (or pay a dividend or interest) the value of the Fund increases and so too does the value of your investment. If however, those assets decrease in value, so too does the value of the Fund, and therefore your investment.

Is the Balanced ISA suitable for you?

- You have transferred from a NatWest Junior Stocks and Shares ISA or a Child Trust Fund
- You want to invest in assets which offer the potential for capital growth
- You understand that the value of your investment can fall as well as rise
- You recognise that you could get back less than you put in
- You wish to invest tax-efficiently using your ISA allowance
- You are aged 18 years or over

Flexibility of the Balanced ISA

Investing in the Balanced ISA allows you to:

- Invest single and/or monthly subscriptions
- Top-up using your annual Stocks and Shares ISA allowance. For details of this tax year's allowance go to: www.hmrc.gov.uk/isa
- Make withdrawals when you wish
- Stop paying at any time
- Change the amounts of your monthly subscriptions (subject to a minimum monthly payment of £10 and minimum increments of £1)
- Sell your holding at any time

The risks

- You need to be aware that growth is not guaranteed and your original investment is not secure. So, if the assets of the fund that you have invested in perform poorly, you may get back less than the amount you've put in.
- You should also be aware that the amount you get back will be reduced by any charges and fees. Note that any increase in the value of investments may be less than the rate of inflation.
- Charges may increase in the future and inflation will reduce the buying power of your money. Legislation and tax rules could also change, which may affect the value of your investment.
- If you make monthly payments and you do not maintain them, you may not achieve any target amount you are aiming for.
- You may not be able to purchase or sell shares if dealing in the fund is suspended. This happens on rare occasions where an accurate valuation of the fund cannot be made due to a lack of market data or violent swings in the share exchanges. For example, this could happen when a stock market, or the shares listed in it, are suspended.
- Where advice has not been given, the suitability or the appropriateness of this investment for your circumstances has not been assessed, therefore if you wish to proceed with an investment, you should ensure that you familiarise yourself with the fund and fully consider the nature of the risks involved for the funds you are applying to subscribe to. You should consider carefully the fact that you may be exposing yourself to risks that you may not have the knowledge or experience to assess properly.

For more information on risks involved in, and for risks relating specifically to, this fund please refer to the Key Investor Information document as you have not received any advice from NatWest on your top up.

How to invest

Your options

The Balanced ISA is only available for you to invest in if you already held a Stocks and Shares Junior ISA with us or a Child Trust Fund.

Investments can be made with a single or regular subscription, provided that you have read the latest version of the two page Key Investor Information Document (KIID) for the fund you are investing in, and the cost and charge disclosures on page 9 of this document for the Fund.

If you have existing cash or stocks and shares ISAs with other providers, you can transfer the value of the accounts into your existing Balanced ISA.

RBSCIFL will provide you with a transfer application form for you to complete and return and will organise the transfer with your existing provider. If you want to do this, please request a form. You can also transfer your Balanced ISA to another ISA provider. If you want to do this the new ISA provider will need to provide you with their transfer form and then once completed and returned, agree to the transfer. There is no charge for transfers.

Top-ups using your stocks and shares ISA allowance	Things to consider when transferring in or out of a cash ISA or stocks and shares
<ul style="list-style-type: none">• This is a tax allowance from the Government allowing you to invest up to the annual limit per tax year• Any growth in the value of your ISA investment will be free from Capital Gains Tax• You can invest additional single subscriptions of £10 or more• You can invest a regular monthly amount from £10 a month	<ul style="list-style-type: none">• Your existing provider may charge you a fee to transfer• Consider the level of risk if this would be higher than that of your existing investment – this can be particularly important when transferring from a cash ISA• The possibility of a shortfall following cancellation of the existing investment• You may lose the potential for growth or income on your investment if markets rise during the transfer process

Please note that any tax treatment and/or reliefs referred to are those that apply under current legislation. They may change in the future and their availability will depend on your individual circumstances. The favourable tax treatment of ISAs may not be maintained.

Below is a table which illustrates the differences between a cash ISA and a stocks and shares ISA

Type of ISA	About the ISA	Is it right for you?
Stocks and shares ISA	<ul style="list-style-type: none">• Invests in stocks, shares and related assets• Potential for capital growth• Risk of losing money	<ul style="list-style-type: none">• A stocks and shares ISA might be right for you if you like the idea of medium to long-term investment• Growth potential linked to a range of investments• Along with the potential for growth, you need to accept that there are risks and you may get back less than the total amount of capital invested• You need to allow time for a stocks and shares ISA to grow as it invests in stocks, shares and other assets• A stocks and shares ISA does not earn a rate of interest, but earnings are based on market performance
Cash ISA	<ul style="list-style-type: none">• Typically a deposit or interest bearing account• Fixed or variable interest• Greater capital security	<ul style="list-style-type: none">• A cash ISA is better for those who prefer not to lose any of their original capital• You may also know from the start how much you will get back in return• A cash ISA earns a rate of interest

Additional investments

Single subscriptions may be funded by cheque, with a completed Subscription Form. Alternatively, you can call 0345 300 2585 to make a payment of a single subscription by debit card. To start regular subscriptions, a Subscription Form should be completed.

If you are investing monthly subscriptions, you must make your payment by Direct Debit. If you are paying by monthly Direct Debit, your first payment will be collected on a date approximately 10 working days after the administration department receives your correctly completed direct debit mandate form. Future subscriptions will be collected on this date each month, or the next working day if this falls on a weekend or bank holiday. If you are transferring an ISA subscription, your payment must be by cheque from the other ISA manager. There is the potential for loss of income or growth depending on market movements while your subscription or your ISA transfer is being made.

Cash held

Interest will not be paid on any money held on your behalf that is not invested in Shares at any time.

RBS Collective Investment Funds Limited reserve the right not to treat any cash balances due to you as client money and make a payment to charity if they remain unclaimed for a period of over six years. Any valid claims against such money during and after this period will continue to be accepted and processed.

To ensure protection of your client money (typically money that is being held pending an investment or during the encashment of an investment), this is held in a client money bank account. This bank account is in trust for clients only and is separate from any account holding the firm's own money.

At all times, records reflect the money that we hold for you and the bank account balances mirror those of internal records. These are checked daily to ensure they remain accurate.

Trading cut off point

Unless you are paying monthly by Direct Debit or by a single Direct Debit, your money will be invested no later than the business day after receipt of your application and payment, providing it is received and accepted prior to the 3pm dealing cut-off point.

If you pay monthly by Direct Debit, your shares will be purchased on the day of collection each month or the next business day. For single Direct Debits the shares will be purchased the day after the monies have been received by us – normally 10 business days following receipt of the application form.

Details will be sent of the number of shares purchased, and the price paid for each share, but share certificates are not issued.

To calculate the price you pay for your shares, the fund is valued at 11pm daily. The price of each share is the value of the fund divided by the number of shares.

The fund you are invested in has a 3pm dealing cut-off point. This means that any share dealing instructions received and accepted before 3pm on a business day will be processed at the 11pm valuation point on the next business day.

Single payments including ISA transfers, will normally be invested using the next calculated price providing your correctly completed application form and payment are received and accepted prior to the 3pm dealing cut-off.

The specific valuation procedure and pricing methodology for the pricing of these funds can be found within the unit pricing policy available on the investment pages of www.natwest.com/investmentpolicies. You can also request copies of this document by phoning 0345 300 2585.

The latest market price can be found on www.natwest.com/fundprices

Withdrawing from the Balanced ISA

The Balanced ISA is designed as a medium to long-term commitment which you should plan to stay invested in for at least five years. You can make withdrawals but should remember that making lump sum withdrawals will affect what you get back when you come to withdraw the remainder of your investment. You should also bear in mind the following:

- The minimum amount you must retain in your Balanced ISA after withdrawal is £100
- If you invest the maximum amount into an ISA and then make a withdrawal, you will not be able to reinvest that amount back into an ISA in the same tax year
- You can sell your shares by calling the dealing team 0345 300 2585 or Text Relay 18001 0345 300 2585. If you sell shares, the money will be paid to you by cheque or by direct credit (if your account details are provided will be sent)
- A cheque or direct credit payment five working days after receiving your signed written request, subject to all requirements being met, which include having a clear request to withdraw funds, and provision of any identification that may be necessary to satisfy anti-money laundering requirements

Product charges

Ongoing Charge ('OCF')

The Ongoing Charge is the total of the annual operating costs of the Fund which includes the annual management charge, service charges, registrar charges and other expenses relating to the management of the Fund. Please note that the Ongoing Charge may vary from year to year.

IMPORTANT: Please be aware that RBS Collective Investment Funds Limited is able to vary the charges applied, but we will inform you of any changes in advance.

Potential returns

Remember, the Fund aims to grow the money you invest over a medium to long-term period – that is, over five or more years. The amount you get back will be determined by the value of your shares in the Fund when you choose to cash in.

You should remember that the amount you get back is not guaranteed and will be affected by factors including:

- The amount you invest and the time you allow it to grow
- The performance of the Fund
- Charges and fees
- Any withdrawals you make

When investing in an ISA

- You do not have any personal liability to Income Tax or Capital Gains Tax on an ISA investment
- Where the Fund receives interest distributions they will be received gross with no liability to tax
- The value to an investor of the tax advantages of an ISA will depend on personal circumstances, which may change
- There is no need to declare income or gains from your ISA to HM Revenue & Customs
- Your investment can no longer be held as an ISA after you die and its value will form part of your estate for Inheritance Tax purposes. The money will remain invested until we receive instructions from your legal personal representatives.

This is not a Flexible ISA

A Flexible ISA is an ISA whose terms and conditions allow the investor to replace cash they have withdrawn, without the replacement counting towards their annual subscription limit. Replacement subscriptions must be made to the ISA from which the withdrawal was made, and in the same tax year. It is for ISA Managers to decide whether they offer Flexible ISAs.

At present the terms and conditions of this ISA are not being changed to make it a Flexible ISA. This will be kept under review, and you will be informed if any change is made. This means that if you make a cash withdrawal from the ISA and then place it back into the ISA, it will count towards your annual ISA subscription limit.

What happens if you change your mind

Balanced ISA is open to existing investors only.

You can change your mind within 30 days from the date you receive written confirmation of any lump sum top up being invested. Your investment will continue if your cancellation notice is not received within this 30 day period.

If you decide you do not want to invest your top up investment, your money will be given back to you, less any fall in the investment value in this period.

These rights do not apply to any regular payment transactions.

The cancellation notice will include the address you must send it to if you change your mind about your investment.

Indicative Costs & Charges for your Investment

The European Union's MiFID II regulation includes a requirement to provide clients with a breakdown of the indicative costs and charges before they invest in a fund.

This breakdown covers fees that you pay to RBS Collective Investment Funds Limited as well as other service providers to the fund(s). To provide as accurate an indication as possible an assumed rate of investment growth of the fund has been included. This should not be taken as a projection of performance, more an illustration of how growth impacts the fees that you might pay.

These costs are broken down into the following categories:

- One-Off Charges: all costs and charges paid when investing in or exiting from the fund(s).
- On-going Charges: these include the charges for the management of the fund(s) including investment management, and are deducted directly from the price of the fund(s).
- Transaction Charges: all costs and charges incurred on transactions in respect of the underlying assets of the fund.

These costs are estimated using historic data:

- Incidental Charges: any other charges applied to the fund.

Your valuation statement will include a summary of the actual costs and charges incurred on the fund(s) in which you are invested.

Effect of Costs and Charges on Returns

The table shows you the estimated costs, and how these will impact on the value of your investment. This also shows you the impact of costs on a percentage basis of the sums to be invested.

Your questions

Q: What if more money is invested than the annual allowance allows by mistake?

A: The full payment will be returned to you. You will then need to put in the correct amount.

Q: How can I see how my investment is performing?

A: You'll receive a statement in May and November every year showing transactions throughout the period and a recent valuation of your investment. You can also check the price of the Fund in the Financial Times published on a daily basis, and view performance online at www.natwest.com/investments.

Q: What happens to my investment if I die?

For deaths on or after 6 April 2018, the tax status of your ISA will be maintained from the date of death until one of the following dates:

- the completion of the administration of the estate, or
- the day falling on the third anniversary of the death, or
- the closure of the account within the meaning of regulation 4B(3)(a) of the Individual Savings Account Regulations 1998 (following full withdrawal of all investments and cash and no subsequent contributions received)

A: Once proof of your death has been received, your personal representatives will be given the option either to sell your shares and pay the proceeds of sale to them or to transfer your shares to another person. The value of your shares will form part of your estate and may be subject to Inheritance Tax. Your shares will remain until instructions from your personal representatives to transfer or sell them are received.

Q: Is my investment protected by any compensation scheme?

A: RBS Collective Investment Funds Limited is covered by the Financial Services Compensation Scheme (FSCS). The Scheme can pay compensation to customers if they are eligible and a regulated firm is unable to pay claims against it, usually if the company stops trading or is insolvent, as long as the company is registered with the scheme. Compensation limits apply depending on the type of claim. For more details, please visit www.fscs.org.uk

Q: Can I transfer an ISA?

A: You can transfer part or all of a previous year's investment to another ISA manager. If you want to transfer an ISA investment made in the current tax year you must transfer the whole amount. Please note however that the risk level of your existing ISA may not match that of the Balanced ISA. To transfer to RBS Collective Investment Funds Limited from another ISA manager, you will need to complete and sign an ISA transfer application form and send it to us. We will then send it to your current ISA manager. Charges may apply on transferring an ISA from one provider to another. These charges can include for example, exit charges, initial charges and transaction costs.

- 5.4 When current tax year subscriptions are transferred to a new ISA, they will count towards the overall subscription limit for that tax year.

6. Death

- 6.1 For deaths on or after 6 April 2018, the tax status of your ISA will be maintained from the date of death until one of the following dates:
 - the completion of the administration of the estate, or
 - the day falling on the third anniversary of the death, or
 - the closure of the account within the meaning of regulation 4B(3)(a) of the Individual Savings Account Regulations 1998
 - (following full withdrawal of all investments and cash and no subsequent contributions received).

Before we will accept instructions from them in relation to the closure of your account, your personal representatives must notify us of your death and will be required to produce any documents that we may reasonably ask for to provide evidence of their authority to deal with your affairs.

- 6.2 Once we receive notice and satisfactory proof of your death, we will require your personal representatives to instruct us on what to do with your shares in the account. If your personal representatives instruct us to pay the full value of your investment to them, we will sell your shares no later than the next Business Day after we receive their instructions. The price at which your shares will be sold will be the price calculated at 11pm on the Business Day on which we sell your shares. We will pay the proceeds of sale to your personal representatives. Alternatively, your personal representatives may instruct us to re-register your shares into the name of another person in which case, on receipt of the information we require to enable us to re-register your shares, we will arrange for the shares to be re-registered as required.
- 6.3 These Terms will also bind your personal representatives.

7. Withdrawal

- 7.1 Withdrawals can be made from your Balanced ISA at any time. Following notice to us of your withdrawal request, we will normally sell your shares in your Balanced ISA no later than the next Business Day. The price at which your shares will be sold will be the price calculated at 11pm on the Business Day on which we sell your shares.
- 7.2 If the full value of your Balanced ISA is withdrawn, it will be closed.
- 7.3 If the full value of your Balanced ISA is not withdrawn, the remaining value of your Balanced ISA after the withdrawal must be at least £100 unless you have an active Direct Debit.
- 7.4 On rare occasions, dealing in the Fund's shares may be suspended. A suspension will only occur if we determine that, due to exceptional circumstances, it is in the interests of those who invest in the Fund's shares. Such a suspension will continue for as long as is justified having regard to the interests of those who invest in the Fund's shares and will end as soon as practicable after the exceptional circumstances have ended. If this happens, it may delay withdrawals being taken.
- 7.5 If you request a withdrawal and we are unable to sell your shares at the price quoted, due to a suspension in the dealing of the Fund's shares, if the price of your shares has decreased below the quoted price, we will not sell your shares and we will seek your further instructions before taking any action. Otherwise, if the price has increased, we will proceed to automatically sell your shares following the end of the dealing suspension.

8. Termination

- 8.1 You can close your Balanced ISA and end the agreement at any time, by giving written notice to us that the agreement will end with immediate effect or on a future date stated in your notice.
- 8.2 If you request to close your Balanced ISA with immediate effect, closure of your Balanced ISA will occur, following the sale of your shares in accordance with clause 8.4.
- 8.3 We may close your Balanced ISA if:
 - (i) it no longer satisfies the Regulations (in which case clause 9 (void accounts) will apply);
 - (ii) we consider it impossible, impractical or otherwise unreasonable for us to manage your Balanced ISA in line with the Regulations; or
 - (iii) we intend to stop acting as an ISA manager.If we close your Balanced ISA under clause 8.3 (ii) or (iii) we will give you not less than 30 days' written notice.
- 8.4 When your Balanced ISA is closed, we will normally sell your shares in the Fund no later than the Business Day after we receive notice to close your Balanced ISA. The price at which the shares will be sold will be the price calculated at 11pm on the Business Day on which we sell the shares. After we have started selling your shares, we will not accept any further instructions from you concerning your Balanced ISA. We will carry out any transactions which remain to be completed after your Balanced ISA has been closed in accordance with these Terms.

9. Void accounts

- 9.1 An ISA can be voided by us or HM Revenue & Customs. We will write to you if all or part of your Balanced ISA has been voided because it does not satisfy the Regulations and we will return the value of your shares in your Balanced ISA to you.
- 9.2 If your Balanced ISA is voided, it will not qualify as an ISA and tax may be payable by you.

10. Charges

- 10.1 You will pay the charges associated with the shares held in the Fund. Full details of the charges associated with investment in the Fund are set out in the Key Investor Information Document and the Fund's prospectus.
- 10.2 We may increase or reduce this charge by giving you written notice. The Ongoing Charge is calculated daily, payable monthly in arrears and is included within the price of the Fund's shares. We will give you not less than 60 days' notice of an increase and not less than 14 days' notice of a reduction. We will only increase the Ongoing Charge if the cost of managing your investment increases. Reasons for this could include changes in taxation, regulation, the law or to cover the cost of fund management.
- 10.3 When the Fund receives investment monies or when investments are withdrawn, there are circumstances in which an Investor Protection Fee will be imposed where remaining investors might otherwise be adversely affected. An example of when this would be charged, is when a large number of shares are being purchased or sold and other investors would be adversely affected. For more information on this please refer to the Fund's prospectus.

11. Income accumulation and tax reclaims

Any income arising in respect of the shares and any tax reclaims received from HM Revenue & Customs will be automatically reinvested back into the Fund. This will not buy additional shares, but will be reflected in the price of each share.

12. Ownership/ documentation

- 12.1 All shares held in your Balanced ISA will be registered jointly in our name and your name. You must remain the beneficial owner of the shares and you must not use the shares as security for a loan or create any legal charge over them.
- 12.2 Any certificates or other documents of title will not be lent to third parties or used as security for borrowing. They will be held by us or as we direct.
- 12.3 We will send to you a valuation of your Balanced ISA twice yearly, together with a statement which will show details of all transactions and holdings since your previous statement.

 - (iii) to enable us to make reasonable changes to the way your Balanced ISA is managed as a result of changes in technology or in the systems used by us or by the administrator of the Fund;
 - (iv) to provide for the improvement of any services or facilities we offer in connection with your Balanced ISA, or the introduction of any new service or facility;
 - (v) to reflect the fact that we have appointed another company to act as manager of your Balanced ISA in our place; or
 - (vi) to make these terms clearer or fairer.
- 14.2 We will normally give you not less than 30 days' written notice of any change we make under this clause 14. However, if we are legally obliged to implement the change immediately, or by a date which does not leave us enough time to give you 30 days' notice, we will instead give you written notice of the change as soon we can.
- 14.3 This clause 14 does not apply to changes to the level of the annual management charge (this is set out in clause 10 (charges)) or to changes to how we use your information (this is set out in clause 18 (Your Information)).
